Every animal will be vaccinated with FVRCP and rabies, spay/neuter, microchip, dewormed x2 or more, debugged and come with all information we have, along with medical records. These felines are rescues so there is no guarantee on health but we try our best to ensure they are as healthy as they can be prior to adoption. It's a good idea to continue with a deworming protocol for your pets with your vet.

\*Applicants must be 20 years of age or older and be a Canadian citizen.

Adoption fee of \$350/feline must be paid after application is approved and prior to taking possession of above animal(s) by etransfer to [axelsimprintrescue@outlook.com](mailto:axelsimprintrescue@outlook.com) , no password is needed. Please add feline(s) name in the comments.

\*Note\* Two or more felines (adopted at the same time) and FIV/FelV+ cats are \$300 each.
